

Entropy Christmas Toy Guide for Big Kids

Christmas and toy shops are not just about little kids: We have some wonderful gift ideas for 'big kids' to make their Christmas morning special.

1. **Quadrilla Marble Run:** Quadrilla is a marble run system of blocks, tracks and accessories that has the capacity for an infinite number of designs. The options are endless, and the process of building is as much fun as the process of playing. From \$99.95.

2. **Automoblox:** Automoblox are quite simply the best quality wooden car toys on the market. The stylish lines appeal to the 'big kids' in the family. From \$26.95.

3. **Sigg Water Bottle:** The original Swiss bottle is the brand leader for comprehensive, high-quality drinking systems for leisure and sports use. With so many designs there is one for everyone. From \$36.95.

4. **Playforever Vehicle:** These timeless and elegant toys are collector's pieces. They are equally at-home on the shelf of a stylish nursery or the office table of a company executive. \$89.95.

5. **Moulin Roty Classics:** The Childhood Memories range includes exquisite pieces reminiscent of a time gone by. They make wonderful collector's pieces. From \$74.95.

6. **Fish River Crafts Marionette:** These high-quality string puppets are hand-turned, carved and painted, plus they're easy to use and extremely lifelike. From \$74.95.

7. **Unicycle:** Release your inner circus star on one of these funky unicycles. The perfect gift for the person who really does 'have everything'. \$159.

8. **Kikkerland Critters:** Kikkerland wind-up toys are classic creations with a modern twist. They are great quality, umm, 'thingies' that have their own character and personality. Simply wind them up and watch them go. From \$14.95.

9. **Microscooter:** Why should the kids have all the scooting fun? These scooters are the ultimate in comfortable commuting for adults and big kids. \$279.

10. **Addict a Ball Maze Puzzle:** The perfect gift for a puzzle lover. Twist, turn and tilt the transparent orb in various directions so that you guide a small metal ball through the 3D maze of platforms, holes and spirals which are suspended within. \$24.95.
