

## Entropy Christmas Toy Guide – 10 under \$10 Stocking Stuffers

We have loads of great stocking stuffers, hundreds in fact! But if we had to narrow it down to just 10, here are our favourites that are, amazingly, under \$10.

1. **Slinky**: The original and a classic favourite. Walk, bounce and spring your way around. \$9.95.

2. **Vilac Elastics**: Take a step back in time with this traditional schoolyard game. Grab some friends and get jumping. \$6.95.

3. **Kaleidoscope**: A classic toy that is still a favourite for children (and adults) of all ages. View colourful optical illusions that are constantly changing. \$8.95.

4. **Chopsticks for Kids**: These are Chopsticks that help children eat. Joined at the top, the flexi folk support the sticks, and no-one goes hungry. \$4.95.

5. **Figurines**: From extravagant battles between knights and pirates, to jovial tea parties with princesses and brides, children will be entertained for hours with these stunning Papo and Schleich figurines. From \$4.95.

6. **Hand Puppet Temporary Tattoos:** Transform your hands into wild animals, monsters or dragons with these fun temporary tattoos. \$9.95.

7. **Bobble Heads:** Build your own bobble head characters with these sets. Cut out the shapes, then fold, bend, glue and assemble. \$9.95.

8. **Magic Spinning Top Snake:** Get the spinning top moving and the magnetised snakes slither around them, magically creating wonderful optical illusions. \$9.95.

9. **Balloon Boat:** Blow up the balloon and watch the boat go – it's powered by your hot air! \$4.95.

10. **Dieco Sticker Packs:** These themed sticker packs can be used for craft projects, card-making and generally having fun. \$5.95.
